## Summer Term 2022

### Newsletter 28

I hope you all had a lovely Bank Holiday weekend, particularly if you were celebrating Eid! Last week, the children in **Reception** went on a minibeast hunt around our grounds.

**Year 1** have been observing changes in the weather and writing weather diaries.

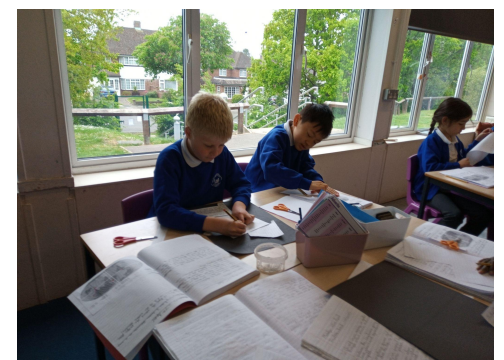

**Year 2** have been writing about the layers of the rainforest. They have also been exploring how to create shades using oil pastels.

**Year 3** were very busy working together to make fantastic posters about volcanoes to show off all their learning so far! **Year 4** were learning about how sound travels by making 'telephones' with cups and string.

**Year 5** have been learning about reading maps using 6 figure grid references in their geography lessons. In Science, they have been finding out about reversible and irreversible changes.

In **Year 6** we were learning about the slave trade and the journey from Africa to America. The children have been very mature and asked really interesting questions.

FOMS BINGO Night - there is still time to book your tickets for next week!
