10/30/2023 13:58:20	Reception, Year 2	Walk	Every day	Home	Every day	I don't drive	Home		Parking is an issue, but also the flow of traffic along Monkfrith Way. We need traffic calming measures on this road, such as speed bumps, a one way system, or a chicane (to clearly show which car has right of way). There are daily arguments and road rage incidents which are distressing for the children and residents to witness. When I'm waiting at the reception drop off I see the same parents block the road and pavements with their cars, I'm not brave enough to say anything to them, but perhaps we could have a system of reporting them to school? It's the same handful of parents being inconsiderate and dangerous everyday, if the school know who they are then more targeted approaches can be made directly to those parents?

The irresponsible parking around the corners of Brookside South / Parkside Gardens make it extremely difficult & dangerous for the children & other road users to navigate the road safely, especially relevant to the buses that have often become stuck at the end of the day.
10/30/2023 16:40:36	Year 6	Walk	Every day	Work	2-3 times a week	Ferney Road	Home		The parking and driving around the school at the beginning and end of day is at best inconsiderate to other road users and pedestrians but at worst it's dangerous. It makes me feel apprehensive about allowing my child to walk to and from school unaccompanied. There is total disregard for the flow of traffic and buses in particular are disrupted regularly. Traffic is held up by people waiting for a parking space right outside school rather than parking slightly further away and walking. I have also witnessed parents behaving inconsiderately towards each other in regards to parking

If I didn't have such a sensible child that behaviour would be a reason I wouldn't allow them to walk. Its outrageous that the school needs to treat these people like children and tell them how to behave. I honestly think the best solution is make it residents only parking between 8 to 9 and 3 to 4. This will force people to park in the carpark. Although I suspect it will only result in more people kicking kids out the door while they idol in the middle of the road. 10/30/2023 19:38:44	Year 5	Walk	Every day	Home	Every day	I don't drive!	Home		Sadly, whilst the school does its best to encourage parents to drive and park safely around the school I have seen no improvement and can only assume it is very demoralising and time consuming for Miss Deasey. Would a parent patrol help, in small numbers with hi vi tabards, perhaps with a community police officer or LA official on hand for support. Catchment areas are small, unless there is a mobility issue there is no excuse for not walking. Walking down the upper part of Monkfrith Way in winter is very unpleasant as the cars bottleneck and pump out there fumes. The pavement is narrow and you and your child walking are left choking! Whilst I would always walk this doesn't encourage those that normally drive to walk.

The only way we can possibly manage this is to drive. We'd really prefer not to but sadly have no choice.	We agree, the parking situation is terrible and I'm sorry that you are having to waste so much energy and time sorting this out! When we are not at ASC or BC we always park a little bit away from the school and walk in and I think more families should be encourage do this.  We also think Knoll drive should be made into a school street so no cars can access it as the parking here is very unsafe, particularly at the very bottom by the Reception gates. There is no need for families to crowd into such a small space.  Also, just one suggestion, please could you open both gates for BC drop off, it would make manoeuvring around the car park a bit easier.

The school is not in an area with parking restrictions anywhere, they have SOO many other roads they can park on and walk less than 5 minutes. I would be happy to provide a voluntary contribution towards a lollypop lady/person or similar so that the children can cross the zebra crossing on monkfrith way safely. It beggars belief sometimes the speed at which cars are going at, sometimes not stopping when children are evidently nearby. Please can Barnet council provide the school with a better budget for road/children safety.

10/31/2023 14:08:12	Year 2	Car	Once a week	Take another child to nurs	2-3 times a week	Knoll drive but after ASC	Home	There is nothing the school can do. It's my personal circumstances, I only have one day off work per week and this is the day we walk to school. I work half a day on Fridays, which means we can walk home on Weds and Fridays. On my working days, I don't have enough time to get both kids to two different places and get work on time, so have drive, and in the evening my child goes to ASC.	I do agree parking is an issue, I think some of the drivers could be more considerate, or accept parking a little further away from the school. I'm not sure what the school could do, other than having a parking warden type person but I'm sure there is a cost to that, and it's not something the local authority would provide?
10/31/2023 15:25:10	Year 1	Car	Never	Either back home to work	Never	Brookside South	Home	We live about 25 mins walk from the school which is a bit too long for our child at his age (and also for us because we often need to get back home quickly to work)	Traffic in itself can't be helped, but parents could also be more considerate about where they park. If I can't find a space I don't just park on a double yellow line, or in the middle of the road or somewhere that blocks the way for others - I just find a space further away. I wish some other parents would have the same courtesy and respect for others.

11/1/2023 9:00:43	Year 4	Walk	Every day	Work	Every day	Don't drive	Home	Make it harder to park next to school	I've seen dangerous behaviour from parents including parking on crossing, drive onto pavements, not giving way to children crossing, driving fast round corners, parking on pavements, double parking
11/1/2023 20:55:22	Year 1, Year 4	Walk	Every day	Home	2-3 times a week	Brookside South	To take your child/ren to another class, club etc		Double yellow lines on every corner (especially brookside south & parkside gardens). Speed bumps/school ahead signs/20 zone warnings - most schools have them we do not seem too.
11/2/2023 9:19:50	Year 1	Walk	Every day	For a walk round the park	Every day	NA	Home	We live relatively close by and it's good to walk and gives us a nice time to talk and prepare for the day	By the school is very dangerous with the way parents park and manoeuvre. The cars go very fast up the hill on parkside gardens and I also have a double pushchair with twins so trying to get through the parked cars to the other side of the road is sometimes impossible and I have to wait in the middle of the road for someone to move their car. Even the island crossing on brookside south can be dangerous as cars park in such a way that it makes it difficult to see oncoming traffic
